## Featuring on May 2nd...

**Sarah Loucks** sees nothing but open doors. With a background in classical piano, dance and theatre training, the stage is her second home. Through her vast training and artistic influences, Sarah has found herself a niche as a singer/songwriter. Originally from Peterborough, Ontario, Loucks has spent time in various parts of the country studying the performing arts and working on the craft of songwriting. After graduating from the Canadian College of Performing Arts, Sarah recorded and released her debut album, "Keep What You Keep" in 2006. Following the first album's success, Loucks has just released her second independently released album, "Be As It Should" in 2009. Having been compared to the likes of Norah Jones and Sarah McLachlan, Loucks finds herself in good company. [www.sarahloucks.ca](http://www.sarahloucks.ca)
